This is a loose-leaf version of the textbook. I've compared it to the hardbound edition (my classmates all have the hardbound), and I can tell you that the quality of the printing, color and paper is the same. I just paid \$100 less. Well, minus the cute 1" binder I bought for it at Target for \$6! And this is an excellent textbook. Pearson is simply the best. Very happy with this purchase!1 of 2 people found the following

review helpful. Didn't have access card By Madison I guess I didn't read the fine print before purchasing this, because apparently even though the product title reads "with eText -- Access Card Package," the access card is NOT guaranteed to come with it. I'm upset that purchasing the access code separately costs \$132.05 and I'm upset that this company swindled me out of \$162.22 when I could have purchased the book elsewhere WITH an access code and it would NOT HAVE COST ME \$294.27. The book is in great condition but I can't very well work on listening comprehension without the flipping online access. Thanks.

**ALERT:** Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab Mastering products. Packages Access codes for Pearson's MyLab Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- Normal 0 false false false EN-US X-NONE X-NONE Percorsi has quickly become one of the best-selling elementary Italian programs of its kind. The new "Third Edition" features *Ritorno a Roma*, an educational romantic comedy filmed on location in Rome, Siena, and Naples, a vibrant new design, even more focus on skill-development, updated cultural information, and expansion of MyItalianLab. Percorsi promotes the acquisition of Italian language and culture through a media-rich program that integrates the "five C's" principles of the National Standards for Foreign Language Education. Building on the success of earlier editions, the "Third Edition" is designed to provide beginning learners with a variety of tools to develop their communicative competence in the four major language skill area--listening, speaking, reading, and writing--as they acquire familiarity with Italian culture. At its core is a brand new film, *Ritorno a Roma*. Produced by the 2012 Golden Globe winner for Best Short, *Ritorno a Roma* is the first educational romantic comedy created exclusively for learners of beginning Italian. The film, created to support the learning of Italian for users of Percorsi and exclusively written with students in mind, takes place in Roma and features scenes in Roma, Gaeta, Napoli, and Siena. It follows the trials and tribulations of four main characters--Taylor, Giulia, Elena, and Roberto--as Roberto attempts to win a national recording contract for the band that he manages. *Ritorno a Roma* provides an engaging, natural context for the practice of structure and vocabulary, while introducing students to colloquial language and providing them a firsthand look at Italian life and culture.
