Gary C. White MEd RRT RPFT : PFT Notes: Pulmonary Function Testing Pocket Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised PFT Notes: Pulmonary Function Testing Pocket Guide:

4 of 4 people found the following review helpful. Pulmonary function referenceBy JoeVery handy reference guide, print size could be a bit bigger, but is adequate diagrams are very nice, very good layout with graphics. I would recommend this reference manual.1 of 1 people found the following review helpful. PFT Notes ReviewBy Samantha

I chose this rating because I felt I needed a better explanation of the PFT testing, and what is normal, mild, moderate, and severe for testing. The book was very informational otherwise 0 of 0 people found the following review helpful. Five Stars
By Jean Chae
Medical reference guide.

A DAVISS NOTES BOOK! Rely on this pocket-sized reference for all of the information you need in any clinical setting. It covers all aspects of pulmonary function testing, including which tests to order and why, and how to interpret the results.
