**From Oklahoma Notes : Pharmacology (Oklahoma Notes)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Pharmacology (Oklahoma Notes):

Since 1975, the Oklahoma Notes have been among the most widely used reviews for medical students preparing for Step 1 of the United States Medical Licensing Examination. Completely revised and updated, these new editions of the Notes feature: More self- assessment questions, geared to the current USMLE format; more tables and figures to promote rapid self-assessment and review; low prices; and coverage of just the information needed to ensure Boards success.

From the Back CoverAs with each volume of the Oklahoma Notes, this, the fourth edition of Pharmacology, is a step-by-step review of the core information in its subject area organized to facilitate rapid review complete with self-assessment questions written in the formats used on the national licensure exams.
