Looking For The Ultimate Guide...This Ain't It.By Charles SeegertI received this publication today and was a little surprised that it is little more than a pamphlet with about 30 recipes in it. The title is a little deceiving and led me to believe that it would contain much more about the philosophy, or perhaps a general review of pickling in addition to recipes. It says "Ultimate Guide", but the Ball Canning blue book has more

in the way of guidance in one chapter than this book does. If you want some recipes you can find many on line for free, if you want to learn about pickling another publication will likely serve you better. 0 of 0 people found the following review helpful.
