ben she : Picture encyclopedia for 1 year old (Chinese Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Picture encyclopedia for 1 year old (Chinese Edition):

The book is based on the ""multiple intelligences theory""by Howard Gardner, psychologist from Harvard university. Aiming at the cognition charateristics of the baby in 1 year old, it designed eight intelligence trainings. The delicated format, abundant content, interesting patterns and clear pictures can let babies learn knowledges of various fields happily.
