small book, difficult to use as you work on it's lessons at the piano. Needs to be larger, and perhaps bound in spiral. I had appreciated the author's method, but the book is not what I expected-- so I am returning mine. 2 of 2 people found the following review helpful. This is NOT for KIDS By accordionist Sorry, Scott, but this is not written for Kids. I may keep it for maybe a summary for adults, in my opinion! I love Scott's ideas, so do not turn down some other of his work without checking it out. 0 of 0 people found the following review helpful. Five Stars By Customer great

Getting a child to play piano has never been easier! As seen on public television nationwide, Scott "The Piano Guy" Houston is the leading authority on fast and fun piano instruction. In *Play Piano in a Flash for Kids!* he simplifies his unique and effective method of learning to play piano, making it accessible to even the youngest want-to-be pianists. Highlighting popular, not classical, music, this book fosters and nourishes an early love for music by giving children the tools to play their favorite popular songs. Your child will be able to: Learn the basics of piano playing using a simple technique that pros use, which focuses on becoming a good player versus becoming a good notation reader Use easy-to-follow step-by-step illustrations that demonstrate each stage of learning Play popular music on the piano without having to learn how to read complicated sheet music It is a great book for kids who may have taken lessons previously but became frustrated by the long and complicated process. And all at a fraction of the cost of piano lessons! Both parents and children can have fun learning the piano or keyboard together, or children can work through the book on their own, with parents providing support only when needed. *Play Piano in a Flash for Kids!* is the perfect tool for parents or teachers to help their kids learn to play the piano quickly and easily.

About the Author Scott "The Piano Guy" Houston's background combines a degree from Indiana University with over fifteen years of experience in the music industry. From teaching to playing professionally to managing a music publishing company, he has been a part of many aspects of the music world. Realizing that most students do not aspire to become concert pianists, but rather want to enjoy being able to sit down at a keyboard and play their favorite music, he has taught thousands of students successfully at universities and colleges nationwide.
