Excellent recipes in an exquisitely designed book. I don't know whether to keep it in the kitchen or put it on my coffee table it's so beautiful. I love that my kids enjoy flipping through the book and picking which juice or smoothie to make next, and my husband and I love trying the different nut milks. The watercress, spinach and avocado soup is insane and we made the roasted broccoli with lemon and almonds twice this week! As a family we are trying to be healthier eaters and Plenish has really helped us all stick to this. Thank you Plenish!0 of 0 people found the following review helpful.
