Masonic Service Association Publisher : Pocket Encyclopedia Of Masonic Symbols before purchasing it in order to gauge whether or not it would be worth my time, and all praised Pocket Encyclopedia Of Masonic Symbols:

0 of 0 people found the following review helpful. Just ok By Misc Buyer The book is way smaller than you would think. The pages also have a border of about 2 inches on all sides and small print. It isn't very organized and a very

"dry" read. It does seem to have some good info. If I had to do it over I would not purchase it.
