From Oxford University Press : Pocket Oxford Spanish Dictionary before purchasing it in order to gage whether or not it would be worth my time, and all praised Pocket Oxford Spanish Dictionary:

Good dictionary but older folks beware the small font!By mystuffMaybe I have not purchased a dictionary lately or maybe it's that my 40+ year old eyes are getting weaker but I found the type in this dictionary so small that I actually need a magnifying glass to read it. Ouch!The dictionary itself

though is very comprehensive and if you can read the small type, it is a very good purchase. I wouldn't classify it as a "pocket" dictionary - it is fairly large and very thick. I would recommend it for home use for folks with sharp eyes. 0 of 0 people found the following review helpful. misleading size By BELLN D You will need big pockets. 0 of 0 people found the following review helpful. Great Dictionary, Not Pocket Sized! By Bailey2861 This Pocket Oxford Spanish Dictionary is a brick! I was looking for a good dictionary to take with me on a trip to Nicaragua this summer. I wanted a small dictionary I could keep in a pocket or a fanny pack. This dictionary would pull my pants off or make my fanny pack uncomfortable to wear. It would be a great dictionary to use for a Spanish class, but it is definitely not a light travel dictionary. The cover is paper too. It would get destroyed on a trip. I have seen some dictionaries that have a plastic cover that would be great for traveling.
