Roseann Ettinger : Popular Jewelry of the '60s, '70s '80s before purchasing it in order to gage whether or not it would be worth my time, and all praised Popular Jewelry of the '60s, '70s '80s:

3 of 3 people found the following review helpful. Great resource
By kathyw This is probably the best book I have bought on vintage jewelry. The book is organized bracelet each decade. Roseanne accurately describes each person's social and fashion trends and how those influenced design in that era. She has great examples of both high quality and mid-range jewelry. That is nice because not everyone shops on Rodeo Drive and the mid- to low-end is what I can find for sale at estate sales and such. This is such a great book with great photos and has already become an invaluable reference source to me. Great job Roseanne!
0 of 0 people found the following review helpful. I already owned this.
OOPS
By Petunia I'm so ticked off @ Me!!! I collect vintage jewelry. I must return this though. I discovered I already own this. A different colored edition but all the same info.
3 of 3 people found the following review helpful. I LOVE THIS BOOK
By nangwynn If you are buying or selling vintage jewelry this book is a must. Loaded with information. I refer to it over and over again.

Today, attitudes about costume jewelry include respect and enjoyment from the growing number of collectors who search for pieces made by important designers from the sixties, seventies, and eighties. Today's teenagers are wearing vintage Hippie and Mod jewelry. Prices are escalating. Over 615 color photographs and 60 advertising pieces are presented to display the variety in these popular adornments. Fashion and political trends are explained to show that they were reflected in the jewelry designs.

About the Author Roseann Ettinger is a leading vintage jewelry and clothing dealer and author with thirty years experience studying fashion design. She owns the shop Remember When in Hazleton, Pennsylvania.
