Mark Frobose : Power Spanish I Accelerated - Complete Tapescript On Audible/8 One Hour Audio CDs (English and Spanish Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Power Spanish I Accelerated - Complete Tapescript On Audible/8 One Hour Audio CDs (English and Spanish Edition):

4 of 4 people found the following review helpful. Fine program. By JM These cd's were helpful, providing a good wealth of learning sentence patterns. I do wish the product descriptions of these programs would indicate what concepts are covered in a particular level. For example, which Spanish verb tenses. Only after buying this set could I find out any of this information. "We have to buy it to see what's in it." 1 of 1 people found the following review helpful. This is a fantastic way to learn Spanish. By Public Name This is a fantastic way to learn Spanish. I have learned SO MUCH and listen to them EVERY DAY! I hope the company offers a second series. I would have given it 5 stars, however, a couple of the CDs skip very badly. In the company's defense, I haven't asked for replacement CDs yet as I haven't finished the series so I don't know how many are defective. 1 of 1 people found the following review helpful. Very good program!! By Chris Elder The format is great and I have learned a lot already, but the second disc won't play past the 4th chapter. I skipped to the third disc and was able to get going again but would have liked to get the whole picture and not feel like I'd missed something that may be critical later. Have really had a great time though with the format, listen, repeat, hear it from native speakers and used in sentences that I make quickly and that are versatile right off the bat. Very worthwhile and concise as well as building quickly. Thank You!

Compared to super expensive Rosetta Stone, this works so much better for me. It's easy, fun and interactive learning. They speak it in English, translate it to Spanish, you repeat it over and over again. Easy as pie. --D. Jaramillo - er Language Learner Power Spanish Accelerated does an excellent job of brilliantly demonstrating the very qualities that the Pimsleur and Behind the Wheel programs sadly lack. Power Spanish features far more native Spanish speakers, a lot of creative and unique drills and exercises that give the program life and variety, and it's all presented to the learner in a very positive and upbeat tone that always keeps you motivated to learn. --Daniel E. Gardner - Language Aficionado er From my thirty years of teaching experience, I can attest to Mark Frobose's excellence as a language teacher. --Dr. Gautam Dasgupta, Professor, Columbia University About the Author Mark Frobose is America's Only Living Creator of a Dominant Successful Language Method, a Major Language Memory Technique, and a New Bestselling Language Audio Line published by Language Audiobooks Inc..
