Peter MacTaggart, Ann MacTaggart : Practical Gilding before purchasing it in order to gage whether or not it would be worth my time, and all praised Practical Gilding:

4 of 4 people found the following review helpful. Clear instruction with generous sharing of practical advice. By Annette M Chappell What a find! I have recently completed studio training in Florence and in water based gilding so it was just fabulous to find this text which reinforced all my learning and amplified the detail in my own study notes. I have tested some of the recipes and found them to be very accurate. This is a must-have in the artist's studio and contributes enormously to ensuring artisan expertise is recorded, is accurate and able to be incorporated and applied in personal technical skills. 0 of 0 people found the following review helpful. It was helpful, generally speaking. It speaks

to ...By MEVIt was helpful, generally speaking. It speaks to gilding onto large surfaces. I'm looking for gilding onto books, their edges.1 of 1 people found the following review helpful. but this book does contain some useful information on supplies and a basic overview of the ...By shawnNot the most detailed on the gilding process, you honestly can find more informative information online, but this book does contain some useful information on supplies and a basic overview of the process.

Descriptions and explanations of the materials, equipment and traditional, professional methods of oil and water gilding are clearly set out in a manner that can be understood both by craftsmen and those who wish to understand and apply these methods today.
