Edward R. Smith : Practical Guide for Private Investigators before purchasing it in order to gage whether or not it would be worth my time, and all praised Practical Guide for Private Investigators:

Nowadays a private investigator must know more than just how to use a gun. He must be familiar with the latest forensic principles, courtroom procedures, the law of evidence and running an agency. Here you have a source for technical training material, lists of information sources and a look at job opportunities all in one volume.
