before purchasing it in order to gauge whether or not it would be worth my time, and all praised Practice Makes Perfect English Grammar for ESL Learners, 2nd Edition: With 100 Exercises:

18 of 19 people found the following review helpful. I was rather disappointed with this book By Anne Hope I was rather disappointed with this book; it focuses on traditional grammar instead of functional language use. The grammar topics seem like odd choices to me; for example there is a section on proper nouns versus ordinary nouns----OK, but not a difficult concept. Also, it asks students to identify whether nouns in a sentence are subjects, direct objects, or

predicate noun and there is a section explaining linking verbs versus transitive verbs; these are sort of OK to know but not terribly useful. However, there is virtually nothing on phrasal verbs, which are a big problem in English. I haven't yet found any discussion of gerunds vs. infinitives, and the section on question formation is pretty brief. It's based on old-timey grammar, calling modals 'auxiliary verbs,' which they aren't really, as they do not behave just like verbs. The book is sort of like somebody took an old standard eighth-grade English grammar book and tweaked it a bit for ESL. I bought a small class set and would probably return them if it wasn't a hassle. Any text by Azar would have been better. 11 of 11 people found the following review helpful. very good for non native By Customer I am not a native speaker of english. This book is very easy to understand. High school students should read this. However, college students, even non native, need something more advance. 9 of 9 people found the following review helpful. Wonderful selection! By Kouame Nzi My wife who is an ESL student loves this book. It will help build a solid background and this will carry on throughout her life in the US.

Build a solid foundation in English grammar As a beginning learner of English, you might find that grammar concepts such as indefinite articles, relative pronouns, the passive voice, or gerunds can be confusing.
