Eliane Kurbegov : Practice Makes Perfect French Conversation (Practice Makes Perfect Series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Practice Makes Perfect French Conversation (Practice Makes Perfect Series):

9 of 9 people found the following review helpful. Intermediate Level ~ Great for Review By L. M. Keefer This book is great for review. You learn to speak contemporary French and common expressions. I think it would be difficult for a beginner to just dive in. It's geared for intermediate students says the publisher. I like the content of the conversations, the French turns of phrase it teaches, and the smattering of grammar review it provides. Agree with others that auditory would be nice. However, if you're familiar with French pronunciation, it's not absolutely necessary and might raise the price. I'm using this for review over the summer to pick up some common phrases and way of speaking. 20 of 20 people found the following review helpful. Excellent book for adult learners By Frenchie Susan As an adult who has been

studying French for 5+ years and who is competent in both grammar and vocabulary, I find this book very helpful to my conversational skills. Lots of phrases, expressions and idioms that are useful and easy to incorporate into my heretofore formal sentences. Pertinent grammar reviews without overdoing what I already know. My teacher (who taught French for 25 years in an Atlanta private school) loves the book as do other of her more advanced students. 5 of 5 people found the following review helpful. ... lot of French translated to English here which is good as most French books have little translation and you're ...By Leo Moran There's a lot of French translated to English here which is good as most French books have little translation and you're left to figure out the rest for yourself. This book is not for a beginner or intermediate student as it contains a lot of colloquialisms and French ways of saying things where there is no word for word translation. It gives one or two examples of situations where a word or phrase is used and I think it would be more helpful if it gave at least 3. Some of the fonts are very small and are difficult to see on the Kindle. There is no CD or MP3 download which is a major shortcoming. Listening to spoken French is a critical part of learning the language. Because of all high volume of translated French I would go with 4 stars. With a CD or download 5 stars.

Learn how to speak French fluently and spontaneously Practice Makes Perfect: French Conversation gives you helpful instruction on correct pronunciation, grammar, syntax, and word usage, keeping in mind the typical problems of native English speakers like you. Each section includes a series of exercises that gives you extra practice in using new concepts and encourages you to construct personalized conversations.
