Great BUTBy iagfajdThe item was in great condition, arrived quickly, and was cheaper than buying the bundled version of the textbook, lab manual, and workbook that sells Prego Book+WB/LM. The only problem is that bought separately, none of these come with the online QUIA access code, which is the only reason I spent a ridiculous amount of money on new copies of the books. sells the access code for \$80 Quia Laboratory Manual Access Card for Prego![Access card only], but should really put that its not included in the product description page.1 of 1 people found the following review helpful. Italian language learningBy Terry HI love the book as it's very user friendly. It includes grammar, cultural information about different parts of Italy and its people, and utilizes just enough english to make it understandable.0 of 0 people found the following review helpful.

Prego! is easy to use! For this exciting new edition, we listened to our many adopters and made significant revisions to adapt Prego! to the changing needs of your students. Every aspect of this program is based on the strong foundation of vocabulary and grammar presentations unique to Prego along with communicative activities and expanded cultural material to help students develop language proficiency. As a result, the program is even stronger, offering a truly integrated approach to presenting culture that inspires students to develop their communication skills. NOTE: Access to the accompanying media supplements requires the purchase of a separate access code for CENTRO, our comprehensive digital platform that brings together all the online and media resources of the Prego! program.
