**R. D. Gidney : Professional Gentlemen: The Professions in Nineteenth-Century Ontario (Royal Inscriptions of Mesopotamia)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Professional Gentlemen: The Professions in Nineteenth-Century Ontario (Royal Inscriptions of Mesopotamia):

A comprehensive account of the professions in 19th-century Ontario, examining the three traditional learned professions, law, divinity, and medicine. Explores the effects of political, economic, and social change on professional men's privileges and place in society, and the development of a numbe

About the AuthorR.D. GIDNEY is Professor Emeritus, Faculty of Education, University of Western Ontario.
