Featuring more than 800 plants and step-by-step instructions to pruning and training hundreds of trees, shrubs, and

climbing plants, this comprehensive guide is freshly redesigned to help cultivate your perfect garden. With chapters on everything from rosebushes to peach trees, Pruning and Training has advice for every garden and gardener. Using a practical AZ approach, organized by plant type, information is displayed in an easy-to-follow format and annotated illustrations that carefully guides readers on specialized techniques for each plant type, including coppicing and pollarding for trees and pinch pruning for shrubs. Learn the basic training techniques for climbers and see how to maintain ornamental shrubs in your garden, including grasses for your topiary or hedges and bamboo. Train jasmine to climb a wall, learn where to prune a rose, and increase your fruit tree's yield. Pruning and Training is the essential guide to pruning and training your garden plants with confidence.
