this was an excellent publication. It answered some of the things I had been wondering about.

This issue of the Cardiology Clinics entitled "Pulmonary Hypertension" is an in-depth review on the subject edited by Dr. Ronald J. Oudiz. The topics covered will include: classification of pulmonary hypertension, epidemiology and pathophysiology, diagnosis, and management in Groups I-V. There are also sections devoted to issues faced in pediatrics and pregnancy, as well as a section on patient support, among other topics.
