It's okay.By SamThis is an interesting read but it doesn't much how to as it does what is kind of information. Do not count on this for a lot of information.

This reference book may be the most valuable weapon you have in your survival arsenal. Included among its 80 chapters are precise instructions, diagrams and photographs showing you how to build, choose, store and use weapons, explosives and incendiaries; select, build, stock and defend a retreat; change your ID and drop out of sight completely or find someone who has; defend your family and property; trap deer, fish, fowl or anything that moves; provide medical care at a fraction of the cost; avoid costly mistakes when standing up to big government and nosy do-gooders; use dozens of other proven techniques to take control of your life and live better than ever!

About the Author Ragnar Benson is America's most-esteemed survival expert. He has written more than 20 books for Paladin throughout the years on a variety of topics covering everything from weapons to politics to survival medicine.
