Rand McNally : Rand McNally 2017 EasyFinder Midsize Road Atlas (Rand McNally Road Atlas Midsize Easy Finder) before purchasing it in order to gage whether or not it would be worth my time, and all praised Rand McNally 2017 EasyFinder Midsize Road Atlas (Rand McNally Road Atlas Midsize Easy Finder):

I figured there had probably been a change or two since then.The good: Maps are larger, clear, and easy to follow.The bad: As mentioned by other reviewers, many states are cut in the middle and you lose a bit in the white border and page gap between the two pages. I will probably re-order, but get either a large or small non-spiral bound edition. Oh, I use GPS when I'm driving, but for the

planning, I'm a dead tree guy. 23 of 24 people found the following review helpful. Nice size, but I wish the details were better. By MJ Most states are cut in half, some being on the flip side. Nice size, but I wish the details were better, and that each state would be a solid view. Also shipped about 10 days later than the order was supposed to be shipped. 11 of 11 people found the following review helpful. Kind of disappointing. By Fuman We wanted to have real maps to ground truth GPS suggestions or bail us out of jams. This is a small, book-size atlas. You give up a lot of detail, and you get fragments of states on each page. It is inexpensive and convenient as a backup reference, but we bought a full-size atlas after looking at this and we like it a lot better.
