Rand McNally : Rand McNally Classroom Atlas of the World before purchasing it in order to gage whether or not it would be worth my time, and all praised Rand McNally Classroom Atlas of the World:

1 of 1 people found the following review helpful. Useful despite technologyBy BuckNekkidI use this ob long road trips along with my garmin gps. I like to see the big picture I cant get with a garmin or any other navigator. It doesn't give the detail that state maps give but it helps when you don't have those for every state you are traveling in.0 of 0 people found the following review helpful. Awesome atlas with tons of informationBy katherine albrittonAwesome atlas with tons of information. My kids actually like looking at geography work!0 of 0 people found the following review helpful. Five StarsBy old buyer in ajGood sized illustrations, in a group setting, use it a lot when reading.

Clearly organized by continent, Rand McNally's award winningClassroom Atlas of the World includes essential how-to information on using an atlas. -Perfect geography learning geared for grades 4-9 -Updated to reflect recent world

changes -Eye-catching pictures and informative graphics -Includes a special 9-page section on U.S. regions -Packed with photos, graphs, critical thinking questions, brain teasers, and charts that illustrate map concepts -102-physical, political and thematic maps -Clearly organized by continent, with an overview to introduce each continent 2013
