Only wish the item was shipped rolled, not folded. 78 of 81 people found the following review helpful. Nice and big. Perfect. By Morgan S. I ordered it to put up in my bedroom and put pins where I've visited, and it's perfect!! It's very big and catches attention and has all the major cities and everything. Perfect if you want a modern looking map (not vintage). Good quality and arrived quickly! The creases will stay for awhile but that is expected. 80 of 84 people found the following review helpful. Not full country names on this map By Brooklyn Settler What I didn't like about this map that some country names are cut out, like Moldova on this map is "Mol.", and it applies to a lot of countries on this map, previous version was better because it had full country names. I understand that they made fonts bigger and bold, but kids can't know what country to look now.

Updated and redesigned, Rand McNally's Signature World wall map features eye-catching bold and vivid colors that make this the perfect reference piece sure to stand out in any home, classroom or office. The precise detail and digital accuracy shows color-matching relief and other physical features without sacrificing the map's readability. Printed on high quality paper. World Features: Map centered on Africa allowing viewers to see continents complete and intact Clearly labeled country and city names for easy location Latitude and longitude indications Folded Map Product dimension: 50" x 32"
