Hooray for low-techBy JeanneBought this and another map for a 6500 mile road trip across the good ol' USA. And it was a lifesaver! Soooo many places did not have a signal of any kind, so I couldn't use my phone's GPS, nor the stand-alone GPS that I brought as a back-up. Praise the day for low-tech, I only got lost once.0 of 0 people found the following review helpful. Good valueBy GuzziguyI used this map much more then I thought I would so I am happy with it, although it is now torn from use, it is just paper.
