Esther Lewin, Albert E. Lewin : Random House Thesaurus of Slang before purchasing it in order to gage whether or not it would be worth my time, and all praised Random House Thesaurus of Slang:

0 of 0 people found the following review helpful. Priceless for writing metaphors. By P. Panda Yes, these pages are full of outdated slang. However, it's the way Random House organized this book that makes it priceless. Instead of like most cliché/idiom/slang dictionaries that are organized in order of the cliché/idiom/slang, this book is compiled by idea or concept. So, if you're trying to write metaphors you can search by a word/concept you're toying with and find abstract alternatives. This book is absolutely priceless in that regard. It makes brainstorming metaphors SO much easier and my work that much faster. 1 of 1 people found the following review helpful. The book I always use By Ken P. Pontac I purchased the Revised and Expanded edition of this book over ten years ago when I was writing scripts for my animated TV series "Bump in the Night" and have used it for every writing job I've had thereafter. Even with the changes in vernacular that have happened since the book was published (I wish the authors would come up with another revised edition) I always find a gem that I can use in whatever I'm writing. This book has paid for itself a hundredfold, and I wouldn't trade my dog-eared, coffee-stained volume for anything else on the market. If you're a writer you'll love this book.

Most people are intrigued by slang. This book provides the reader with knowledge of those "in" words and phrases.
