**Random House : Random House Thesaurus, Revised** before purchasing it in order to gage whether or not it would be worth my time, and all praised Random House Thesaurus, Revised:

0 of 0 people found the following review helpful. Five Stars By Henry P. O'Hara I love thesaurus because it will build up my vocabulary skills faster. 0 of 0 people found the following review helpful. The one I nearly always reach for when needing a different word By Virtualmonk Roget's may be considered the "classic", but the Random House Thesaurus, Revised Ed., is IMHO the best of the bunch. I have Roget's along with two or three other thesauri, but the Random House is the one I normally grab when I want to quickly and accurately add a little variety to my writing. 0 of 0 people found the following review helpful. This book is very useful for learning English By A Customer I am an international student. I think this book helps me doing better in writing coz it's got many synonyms and antonyms. Another good thing about the book is that every word has it's own example (telling me where in sentence i should put this word and how i should use it). It's a pretty useful.

An authoritative, comprehensive and easy-to-use thesaurus that is favored by writers and students alike. Contains more than 11,000 comprehensive main-entry word lists.
