The Editors of Think Spanish : Read and Think Spanish, 2nd Edition (Read Think) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Read and Think Spanish, 2nd Edition (Read Think):

6 of 6 people found the following review helpful. Spanish and more Spanish By George, M.A. "Jorge" This is a great reader for Spanish students as it has a vocabulary list along side the reading so students do not have to look up words as they read. It comes along with a CD which does record some of the articles of the text. It introduces the student to Central and South American Culture which is a plus since we are most likely to meet people from these cultures in our own country. It does have related articles to Spain like an article on Andrés Segovia. The downside of this second edition is the fact that the CD does not record all of the text. Perhaps a second CD should be included in future editions. It does make great reading for high school students in their 3rd and 4th years of the language. 9 of 9 people found the following review helpful. Love it! By Joan McInnes I really like this reader HOWEVER.....why don't they have ALL of the stories on the CD?? There are tons of stories and only some are on the CD. Bummer. I am going to use this in my Spanish 4 class as a supplemental reader. I will create true/false and multiple choice questions for them to answer after reading the passages to check for comprehension. That's the other issue the book has too.....why didn't

they make questions after each reading?3 of 3 people found the following review helpful. New vocabulary and Hispanic culture!!By greatprice4uI am using this book to teach new vocabulary to my intermediate/advanced Spanish students. It helps them to practice their reading while they learn from other cultures. I am a native Spanish speaker and I enjoy this book so much as I am also learning about other countries' culture.

Learn Spanish as you explore the colorful and diverse world of Latino culture Build a rich Spanish vocabulary without the burden of boring repetition or tedious memorization with Read Think Spanish. In this audio package, you will find more than 100 intriguing articles written in Spanish about the enchanting diversity of Latino culture--from Spain's Andres Segovia to Peru's ancient fishing techniques to El Dia de los Muertos in Mexico and the United States. Within each article new vocabulary is presented in boldface, with their translations in the margins. This allows you to learn the meaning of any unfamiliar words immediately. On the 100-minute audio CD, native speakers read aloud many of the articles contained in the book, so you will not only see how the language is written but also hear how it sounds in conversation. This second edition is enhanced with thirty-two pages of all-new readings, thirteen all-new audio tracks, and fresh chapter-ending questions. With Read Think Spanish you will: Grasp Spanish vocabulary quickly and easily with the help of English translations Review and reinforce your newly acquired knowledge with end-of-chapter questions--now in Spanish Learn about the vibrant Latino culture and its famous places, noted people, intoxicating music, mouthwatering food, and more Take the ho-hum out of learning Spanish and discover an innovative language tool that will keep you entertained along your way to Spanish proficiency!

About the AuthorThe editors of Think Spanish magazine are experts in Spanish-language instruction and culture. In addition, the magazine's article writers are native Spanish speakers, and many of them also teach Spanish to secondary- and post-secondary-level students.
