Reader's Digest : Reader's Digest Illustrated Encyclopedic Dictionary (2 Volume Set) before purchasing it in order to gage whether or not it would be worth my time, and all praised Reader's Digest Illustrated Encyclopedic Dictionary (2 Volume Set):

4 of 4 people found the following review helpful. Quality!By John OI wonder how much these reference books cost at the time they came out, I am sure it was not \$14! I can't believe I was able to get these high quality books at such a price. Sure, they are old books, but the information in them are still good. There maybe a few medical discoveries and such that won't be in the book, but that is not a draw back. This is certainly a sign of the modern electronic age where older books that cost a lot are being sold for such little price. Anyhow, this is a must have for any shelf. If you have kids in school, and you want them to get good grades and such, having them look up information this way can have a better impact on them than with the Internet. The definitions for the words in these reference books are not really googl'able. Anyhow, now is the time to search and buy such items as this before they are long gone for good.3 of 3 people found the following review helpful. Perfect for those who do not want the internet!By Ruth ParksMy Dad is 86 and does not want to own a computer or learn how to use one. He doesn't use one at the library. However, this condense version of both the dictionary and the encyclopedia for him is great. There are many times through out the week he wants to look something up. A historical fact perhaps. So he can pull this out and get the information he needs. Also he lives in a small apartment and space is of the essence. So a condense version makes more sense. Not alot of books taking up percious shelf space. I would recommend this to anyone who still has a love of books and want's a quick reference tool.2 of 2 people found the following review helpful. Five StarsBy Sally A. ChapmanUse it

all the time.

Reader's Digest Illustrated Encyclopedic Dictionary. Beautiful "Like New" Condition. No tears, no scuffs, no bent pages, no marks. Handled very little, if at all. Complete set includes Volum One "A-K" (ISBN: 0895772671) and Volume Two "L-Z" (ISBN: 089577268X).
