1 of 1 people found the following review helpful. Book not living upBy Seri-raterThis book is just ok. I have tried several of the rsum and cover letter templates but they are not any better than the templates that Microsoft has. I've applied for a few jobs using the suggestions but have not had any offers yet. So I'll give it 2 stars because some of the suggestions are good ideas. if i get offers, then ill rate it higher.0 of 0 people found the following review helpful.
