**New Holland Publishers : Recipe Journal - Fig** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Recipe Journal - Fig:

Also, other people complained about the pointless salad section, but it's a salad/vegetables section which I like for my potato and asparagus recipes and such. Doesn't come with any sleeves/pockets for loose papers which was a little downer for me. (I like to write down recipes on cards, keep them in my book, then try them out first before I actually write them in my book) Overall though I'm happy with it. 0 of 0 people found the following review helpful. Beautiful book! By Callie Love this! Beautiful book and exactly what I was looking for. 1 of 1 people found the following review helpful. Lovely Book By Jo Ann Huffman This perfectly sized book is lovely and durable for holding copies of my recipe printouts and those I copy in myself. It stands nicely in the kitchen so I can read from it easily. Good purchase!
