Recipe inspiration comes from so many different places - but how do you keep it all tidy so you can locate exactly what you need in a flash? Do you often find yourself searching through kitchen drawers crammed full of torn-out or photocopied favourite recipes? Do you worry that you will lose or misplace precious handwritten recipes passed on by friends and family members? Do you all too often forget where you put the web address of that fantastic on-line gourmet deli you meant to try, or find yourself re-printing recipes from the internet you know you already have? This new format recipe organizer is the perfect place to store all of your recipes in one handy place: 128 lined pages provide plenty of dedicated writing space for jotting down recipes; 8 tabbed dividers provide easy navigation, and can

be personalized with the stickers provided; generous pockets are included for storing tearsheets; and 20 perforated tear-out pages are perfect for compiling shopping lists. Ringbound, so further recipes can be simply holepunched or popped into plastic sleeves and filed, and with an attractive wipe-clean cover with useful cooking guides and conversion charts on the reverse, this handy organizer is all you need to keep all your recipes and cooking notes in one organized place!
