If your a fruit jar collector this is a must have book. This book is in excellant condition, which they listed as being in very good. I don't believe it was even used, so I have a new book in my reference library. I woul buy from this seller and highly recommend this seller to all buyers.10 of 11 people found the following review helpful. Fruit Jar Collector's bible.By Acres of GraceThis book is the fruit jar collector's bible. Original patents were researched by Alice Creswick who passed the reins to Doug Leybourne who has continued with the same meticulous technical investigation with an increase in the illustrations. If you want information and correct values this is the book the pros use.0 of 0 people found the following review helpful. Five StarsBy Kristy OAwesome book!
