Susan Wilson Solovic : Reinvent Your Career: Attain the Success You Desire and Deserve before purchasing it in order to gage whether or not it would be worth my time, and all praised Reinvent Your Career: Attain the Success You Desire and Deserve:

6 of 7 people found the following review helpful. Susan Has Done It Again!By Belinda BoyerSusan Wilson Solovic has again delivered a timely, well-researched book with her trade mark style which is that of candor, integrity and creativity with practical solutions for anyone facing a career change or any change meaningful to a particular reader. Susan has an unusual ability to assist and encourage the reader to find within that which he or she already possesses.

Susan is also a dynamic national speaker who I highly recommend to any organization. 6 of 7 people found the following review helpful. Good solid information for those in career transition
By Laura Schacht This is a great resource for so many who, because of the current economy, are in the midst of a career transition or career crisis. It is a fabulous resource that will help readers drill down to acknowledge their true passions and will give them the tools and encouragement to do what they are happiest doing. This book helped me take the leap to start my own business again after a business failure...and I am so happy that I did. 5 of 5 people found the following review helpful. Reinvent yourself
By Customer After going through a company merger and losing my job, I've really had to do a lot of soul searching to see what was important to me. This book not only helped me think about my career choices but what was important to me. I think anyone who reads it will find something of value for themselves, either personally or professionally.

Reinvent Your Career contains practical advice for those going through career transitions or trying to make decisions about where they want to go with their lives. It contains true stories of individuals who have reinvented themselves out of necessity or by choice. These stories share their successes, failures, feelings, and inspirations.

About the Author Susan Wilson Solovic is the author of *The Girl's Guide to Power and Success*. She is also a featured business columnist for United Press International. She is seen frequently on CNN/fn, and Bloomberg News, and is quoted as a career expert regularly in *Cosmopolitan* magazine. Susan is a popular keynote speaker and recently was selected for a 2003 lecture series with *Lessons in Leadership*, a company that promotes Tom Peters, Steven Covey, and Ken Blanchard.
