**Eric C Hoss : Removing Doubt in an Interview: A Better Approach to Getting the Job You Want** before purchasing it in order to gage whether or not it would be worth my time, and all praised Removing Doubt in an Interview: A Better Approach to Getting the Job You Want:

1 of 1 people found the following review helpful. Very HelpfulBy J MacThis book contains two unique concepts, that I haven't found in other interview books. First, the author encourages interviewees to actually focus on the area in their

resumes that might be weak, and offer justifications for why they should be hired anyway. Second, the author suggests that answers to behavioral questions be given by stating the end result first (opposed to answering in a chronological way). In addition, the author's style was conversational and humorous.0 of 0 people found the following review helpful. It works!By L GeignerAnyone working in a corporate environment should buy this book and keep it handy prior to any and all interviews! I know there are more factors involved than me just reading the book, but I have been hired for every position I have applied since purchasing this book!0 of 0 people found the following review helpful. Pretty goodBy CustomerNot a bad resource
