Lots of exercises and explanations. I return to it often to re-learn what I've forgotten or to finally understand something that I couldn't comprehend the first time around.0 of 1 people found the following review helpful. Decent.By Holly FranzoyI did not relies that this was a work book when I bought it, so used didn't seem like a problem. After getting it, it was filled in a lot but still in good shape. If you're ok with the answers being written in it then it is perfect!
