Paul Karofsky, David Karofsky : So You're in the Family Business...: A Guide to Sustainability before purchasing it in order to gage whether or not it would be worth my time, and all praised So You're in the Family Business...: A Guide to Sustainability:

0 of 0 people found the following review helpful. Great travel guide for your family business journey!By Gregory K. MccannPaul and David do a superb job here giving people the road map, or perhaps more accurately a travel guide to family business. Their writing style is as accessible as it is valuable. They provide highly relatable case studies, their

individual perspectives, and end each chapter with bullet-pointed takeaways. The appendices alone are worth the price of book. Their experience, expertise, and dedication to families in business come through. I would highly recommend this to anyone who wants a clear "travel guide" on this journey we call family business. Greg McCann, Professor Stetson University and Founder McCann Associates

Simple (but not simplistic) and practical advice for the family business, both for owners and offspring. Paul and David share down to earth stories from their lives and family business practice.
0 of 0 people found the following review helpful. Great book
By aimm
Enjoyed the book immensley. Well written, Easy read, Lots of good lessons for memebers of family businesses.
Even bougt a few for friends and gave a copy to my boss

Learn from the Experience of Others How to Sustain Your Family Enterprise.
So Youre in the Family Business features Paul and David Karofsky, a fatherson team, as they share experiences from their own lives, and from those of the hundreds of families theyve helped, to address the challenges and opportunities of working in a family enterprise. With a foundation of effective communication and proper planning, you too can savor the experience of working with family members and enjoy Thanksgiving dinner together!
For a brilliant road map for getting the culture right, I recommend So Youre in the Family Business. Its lucidly written and full of compelling examples, and each chapter ends with bullet points for how to put into action the ideas youve just read.
Mitzi (Mrs. Frank) Perdue, author of Tough Man, Tender Chicken: Business and Life Lessons from Frank Perdue
