GPS is great when it works but a map works all the time. This map was essential for exploring South Carolina and I need more for more states! In one weekend, it had coffee spilled

on it, stepped on by dogs and people, folded, shoved in between seats and heavily used and studied.... Looks brand new! Super happy with a silly map purchase :)0 of 0 people found the following review helpful. Great MapsBy DalwynAlthough we use a GPS in our motorhome, we are never without a Delorme Atlas for the states we are going to be driving through. They are great maps to have in addition to GPS systems.0 of 0 people found the following review helpful. Love these maps!By girlinpinkwadersGreat price, quick delivery.
