National Geographic Maps : Southeastern USA (National Geographic Guide Map) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Southeastern USA (National Geographic Guide Map):

5 of 5 people found the following review helpful. Serves Its Purpose By Former Educator Who Agrees Nicely coated so that it can be used again and again. It folds easily. Since it covers so much area, be prepared to read small print and to realize that only major towns are given. 0 of 0 people found the following review helpful. SE USA map By jack As advertised durable 0 of 0 people found the following review helpful. SE US Map By Gator Good, waterproof material, and detailed.

Waterproof Tear-Resistant Travel Map Covering the country from Philadelphia to the Florida Keys and west to the Mississippi River, National Geographic's Southeastern USA Guide Map is designed to meet the needs of all travelers to this part of the country. The main map displays a comprehensive interstate highway network, complete with mileage markers and designations for toll and free access roads, as well as smaller state highways and county roads. Points of interest, national parks and forests, airports and state capitals are pinpointed. An index of cities and towns will help you quickly locate your destination. More than 20 metropolitan areas can be found on inset maps, providing extra detail of each area's road network and points of interest. Inset maps are also provided for the Everglades, Shenandoah and Great Smoky Mountains National Parks. Traveling information is given about the Deep South, Coastal South, southern Appalachian Mountain and Chesapeake Bay areas, Florida and many national parks. Every State Guide Map is printed on durable synthetic paper, making them waterproof, tear-resistant and tough capable of withstanding the rigors of any kind of travel. Map Scale = 1:3,801,000 Sheet Size = 17.75" x 24.75" Folded Size = 4" x 8.75"

About the Author Founded in 1915 as the Cartographic Group, the first division of National Geographic, National Geographic Maps has been responsible for illustrating the world around us through the art and science of mapmaking. Today, National Geographic Maps continues this mission by creating the world's best wall maps, recreation maps, atlases, and globes which inspire people to care about and explore their world.
