Inc. BarCharts : Spanish Conversation (Quick Study: Academic) before purchasing it in order to gage whether or not it would be worth my time, and all praised Spanish Conversation (Quick Study: Academic):

6 of 6 people found the following review helpful. Brief, concise and loaded. By Sharon Very nicely done and easy to find what I need quickly once I reviewed it a few times. Nicely laid out. I have several books, cd's etc. to learn from as I have recently moved to Panama and this is one that is very comprehensive. I learned more from using this than from the many of the other sources. 5 of 5 people found the following review helpful. Buy bueno By Dino Del Toro Excellent materia and easy to follow and understand. My young children (11 and 13) spent 6 weeks in Spain and this Spanish guide was easy for them to follow and learn and at the end of 4 weeks they both were writing and reading basic Spanish. Highly recommended. 0 of 0 people found the following review helpful. Helpful but not perfect By Kellen These are okay for a quick reference but I find them a bit confusing. And I would prefer, in hindsight, to have more cards of a smaller size which would be easier to carry around.

Use to instantly create hundreds of sentences for communication in Spanish. Provides basic sentences with plug-in words that are color-coded. To change the sentence, pick a different color-coded noun, verb or adjective for a wide range of sentences for communication in each category listed below.
