Inc. BarCharts : Spanish Fundamentals 2 (Quickstudy: Academic) before purchasing it in order to gage whether or not it would be worth my time, and all praised Spanish Fundamentals 2 (Quickstudy: Academic):

0 of 0 people found the following review helpful. NICE! By Customer Spanish Fundamentals 1, 2, 3, and 4. There are 4 guides which I did purchase all at the same time for ease of advancement of learning the Spanish language without interruption as I progressed. All of them are great and progress nicely going from simplicity to well advanced skills words. I like the BarCharts plastic easy to wipe clean and quick study guides after you get to know the layout of the guide. The layout are intuitively designed for ease of use. I purchased all of the Quickstudy BarCharts Spanish guides which were available for quick use rather than pull out or having to take books with me everywhere I go. These guides are a worthy investment and fit into a carry bag for ease and comfort of use for learning the Spanish language. Great fun! I highly recommend these to add to your arsenal of language learning tools. I prefer the Fluenz Latin American Spanish program, and this is just an added tool to use for better learning and retention of what you've learned. The

brain is like a computer with relevant information in, means relevant information out. So, to learn the language of Spanish, put Spanish language in, to get Spanish conversation out. This is another well designed and inexpensive tool to use to learn what you want to learn. If you don't try you won't get anywhere. For a few dollars here, and there, you can learn another language too. Do it. You'll never regret learning other languages. A second language leads to another. I have friends who speak up to 7 languages and they amaze me almost daily. 0 of 0 people found the following review helpful. Me gusta By Kindle Customer Concise portable - good for learning the basics. A lot of bang for the buck. 0 of 0 people found the following review helpful. Five Stars By Antonio Cabra excellent

The guide presents beginning Spanish vocabulary and expressions that students can use in everyday situations inside and outside of the classroom. Whenever possible, the themes are introduced with a question that prompts use of the vocabulary words and encourages communication.
