Eleanor Greet Cotton, John M. Sharp : Spanish in the Americas (Romance Languages and Linguistics Series)
before purchasing it in order to gage whether or not it would be worth my time, and all praised Spanish in the Americas (Romance Languages and Linguistics Series):

2 of 2 people found the following review helpful. Great reference!By Spanish LinguistGreat reference of Spanish dialectal variations from Peninsular to Latin American Spanish! It's a little old (first published in 1988) but it's still the BEST one out there!

This encyclopedic text focuses on the nature of Hispanic dialects, the spread of Spanish, and contemporary Spanish dialects in the Americas.
