Required for a class. Not as good as Como Se Dice, but it doesn't really matter, it's the required text for this class.

SpanishBy CustomerThis is my favorite textbook for Spanish. Great for 5th grade and up. Uses stories and puzzles to help children (and adults!) learn Spanish for everyday life. I use this textbook for Spanish 1 and 2.

This updated edition of the combination textbook and workbook is designed as an introduction to Spanish for classroom use. The emphasis is on oral proficiencyconversational speaking and listening comprehensionbut the authors also present detailed instruction in the fundamentals of Spanish grammar, vocabulary, reading comprehension, and writing in Spanish. The book is filled with exercises and answers, true-to-life dialogues, illustrations of Hispanic art, and photos that capture the flavor of Spanish culture in Spain and Latin America. In this new edition, the vocabulary sections and readings have been updated to include the latest technology, while the cultural sections now include information about the Hispanic individuals currently making a splash on the world scene.

Spanish Now! uses puzzles, illustrations, and cartoons to make learning fun and engaging, while infusing lessons with Hispanic culture. Spanish Now! is a strong series for either independent Spanish students or classes.[language magazine.com](http://www.language magazine.com)
