A Vital Addition to your Writing Tool KitBy Writer/Artist-Under-ConstructionI've read many books on the art/craft of writing (Natalie Goldberg, Anne Lamott, Julia Cameron ~ all excellent and still used as tools/references). I've taken classes on many aspects of writing. I've published an anthology of stories from over 100 authors. This "...Guide to the Craft of Writing" has been, and continues to be, my go-to book for tools as well as inspiration. I could not recommend this more highly, nor could I recommend a teacher with more skills, tools and passion than Maureen Ryan Griffin.1 of 1 people found the following review helpful. It has a good checklist for revising or use in a workshop on
