Harold G. Koenig : Spirituality and Health Research: Methods, Measurements, Statistics, and Resources before purchasing it in order to gage whether or not it would be worth my time, and all praised Spirituality and Health Research: Methods, Measurements, Statistics, and Resources:

0 of 0 people found the following review helpful. An excellent guide to those who are interested in knowing the ...By Raymond M. Perkins, Jr., Ph.D.An excellent guide to those who are interested in knowing the intricate structure of how to do research on the intersection of spirituality and health. Dr. Koenig outlines steps from the notion to do the work to the final aspect of how to secure funding for a broad study involving numerous venues and years of follow up. Worthy.0 of 0 people found the following review helpful. It would be fantastic if it could be available in SpanishBy

CustomerIt has the information on statistics and methodology specific for R/S research. An indispensable book in the medicine and allied health science library. It would be fantastic if it could be available in Spanish, where this new field is practically unknown in the Spanish speaking countries.0 of 0 people found the following review helpful. I like it.By Esteban Q.It is complete and embraces essential elements of the process of researching. I like it.

In *Spirituality and Health Research: Methods, Measurement, Statistics, and Resources*, Dr. Harold G. Koenig leads a comprehensive overview of this complex subject. Dr. Koenig is one of the world's leading authorities on the relationship between spirituality and health, and a leading researcher on the topic. As such, he is distinctively qualified to author such a book.

About the AuthorHarold G. Koenig, MD completed his undergraduate education at Stanford University, his medical school training at the University of California at San Francisco, and his geriatric medicine, psychiatry, and biostatistics training at Duke University Medical Center. He is on the faculty at Duke as professor of psychiatry and behavioral sciences and associate professor of medicine. Dr. Koenig is also director of the Center for Spirituality, Theology, and Health at Duke University Medical Center, and is Distinguished Adjunct Professor at King Abdulaziz University in Jeddah, Saudi Arabia. Dr. Koenig has published extensively in the fields of mental health, geriatrics, and religion, with over 350 scientific peer-reviewed articles and book chapters and nearly 40 books in print or in preparation. He has given invited testimony to both the U.S. Senate and the U.S. House of Representatives on the role of religion in public health.
