**Stedman's :** Stedman's Concise Medical Dictionary for the Health Professions: Illustrated (Book with CD-ROM) before purchasing it in order to gage whether or not it would be worth my time, and all praised Stedman's Concise Medical Dictionary for the Health Professions: Illustrated (Book with CD-ROM):

3 of 3 people found the following review helpful. Great for medical terminology  
By RVI bought this dictionary as an added reference for my medical terminology course. I definitely made use of the dictionary. Since there were some words that were not in my medical terminology textbook, I was able to find the words in the medical dictionary. If you are going into the medical field, then I would recommend this medical dictionary as a useful tool.
