Hill I teach textiles at an arts college ... have numerous books on needlearts ... yet once I saw this book, knew it was a great resource for me, and for learners. It's clear, the photographs are terrific, the step by step instruction is well done. It's an excellent teaching tool and visual reference. 0 of 0 people found the following review helpful. Five Stars By opticaljack My wife loves it. 1 of 1 people found the following review helpful. Best needlecraft reference I've found By Customer This is the best reference book I've found for explaining all kinds of needlecrafts. I use it often and have to keep it in a handy place. The information is well-illustrated and the instructions are clear. I highly recommend it for anyone who multi-crafts!

An easy-to-follow guide to sewing and needlecraft demonstrates basic and advanced techniques with six thousand illustrations, offering projects and design ideas for a variety of disciplines, from knitting and embroidery to quilting and applique.
