DK Publishing : Sticker Encyclopedia: Baby Animals (DK Sticker Encyclopedias) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Sticker Encyclopedia: Baby Animals (DK Sticker Encyclopedias):

0 of 0 people found the following review helpful. Great multi learning opportunity By Lisa P Mitchell This is our second DK sticker encyclopedia. This is a three fold learning opportunity, First, searching for the right animal based upon shape. Second using dexterity to correctly place the sticker. Third reading about the animal. As an adult I am learning a lot too. This one has a lot more pages than other brands I have seen and if you are unhappy with the sticker placement they can be removed easily without tearing. 0 of 0 people found the following review helpful. Five Stars By Linny Great book

Fun and education come together in these super loaded sticker and reference books! Baby Animals features stickers

and facts about baby animals around the world, from tiny tigers to mini monkeys.
