He has read all the books, and is waiting for another to be published. So, when I found this one, I ordered it for him. It is VERY funny. When he's reading it, he wants to stop every minute and tell me something funny from the book. It even lists a website that lets you hear the

different sounds that a guinea pig (Stink's pet) makes! This book is LOTS of fun! 1 of 1 people found the following review helpful. Great for the Stink fan nearest you. By H. O'Brien My seven year old son loves the Stink series. He reads the books on his Kindle but I bought Stink-o-pedia in paperback for a Christmas gift. He was so excited when he unwrapped it that he stopped opening gifts to read part of it to us.

FOR USE IN SCHOOLS AND LIBRARIES ONLY. An amusing collection of fictional facts about an array of stinky, slimy, and strange things includes the world's loudest burp and a detailed description of the occupation of professional smeller.
