From Oldcastle Books : Straight from the Fridge, Dad: A Dictionary of Hipster Slang 2nd , Seco edition by Decharne, Max (2010) Paperback before purchasing it in order to gage whether or not it would be worth my time, and all praised Straight from the Fridge, Dad: A Dictionary of Hipster Slang 2nd , Seco edition by Decharne, Max (2010) Paperback:

8 of 8 people found the following review helpful. great book with a major problemBy QfromanThis book is a great reference for writers looking for great dialogue, it has a ton of obscure and well known phrases with, in some cases, references to where the phrase got popularized.I did however find one big problem with the book. When I get a book for reference, no matter the subject, I never peruse the pages for what I need; I go to the index. This book does not have an index. Reference book fail. Also, to make using it as a reference book even worse, it organizes the words by the slang not by the word the slang replaces There are a lot of words for alcohol, but instead of finding them in one place, I have to search through the book.Another little thing that bugged me was that the book talked about gathering slang from most of the first half of the 20th century but does not put dates of use for most of its content.So I like it, but if another book comes along that makes the reference process easier, I'll be going with that one.0 of 0 people found the following review helpful. Kindle App Killed this BookBy SomemedicLove the content and subject matter. I don't doubt the author did a great deal of research and it shows but the kindle app makes the layout of the book almost impossible to read.0 of 0 people found the following review helpful. Cool, but difficult to follow.By Kindle

CustomerA very enjoyable read. Why was this page layout chosen? I find it hard to follow. Some of these entries appear to be run on sentences.

New copy. Fast shipping. Will be shipped from US.
