rather difficult to start as the spoken language was so fast that it was difficult to follow, however this is true of listening to normal conversations some-times so when you can switch on to the rapid speech you will know you are making progress with the language.0 of 0 people found the following review helpful. One of the best ways to learn without being thereBy A. FitchOne of the best ways to learn without being there! Will need an upgrade soon as publication date is 2007 and the language continues to change. Looking forward to it!0 of 0 people found the following review helpful. Three StarsBy Saberok
